[13-14, 서술형 5] 다음 글을 읽고 물음에 답하시오.

Jazz is a kind of music that grew up around New Orleans, Louisiana. Later, it spread out to Chicago and New York City. When Africans were forced to come to the U.S. as slaves, they brought their own ways of making music with them. They also heard other kinds of music: brass bands, gospel music, and Spanish music. All these different kinds of music were mixed together. The result was jazz.

Here are some important things to know about jazz music:

- In jazz, the rhythm or beat comes from different instruments in the band, not just the drum.
- Syncopation: Rhythms change in an unexpected way, from the strong beat to the weak beat, so jazz music sounds surprised.
- Jazz is not commonly sung, but played on instruments.
